Urban region

0. Explicit use of the word "Landscape"

Year of plan approval	year	Q_0_1
How often does the plan contain the word "landscape"?	a) never	Q_0_2_a
	b) seldom	Q_0_2_b
	c) often	Q_0_2_c
	d) exact count	Q_0_2_d

1. Plans take advantage of the integrative power of landscapes

Thematic context	a) Green infrastructure	Q_1_1_a
	b) Cultural heritage and historic landscapes	Q_1_1_b
	c) Tourism and recreation	Q_1_1_c
	d) Nature conservation	Q_1_1_d
	e) Agriculture/farming	Q_1_1_e
	f) Biodiversity	Q_1_1_f
	g) Water management	Q_1_1_g
	h) Sustainability/ sustainable development	Q_1_1_h
	i) [landscape] aesthetics	Q_1_1_i
	j) Urban containment	Q_1_1_j
	k) Forestry	Q_1_1_k
	l) Place branding (high quality of life, positioning)	Q_1_1_l
	m) Resilience	Q_1_1_m
Inclusiveness	a) holistic (ELC)	Q_1_2_a
	b) bio-physical	Q_1_2_b
	c) socio-cultural	Q_1_2_c
	d) aesthetic	Q_1_2_d
Multiple stakeholder engagement in the landscape system	a) yes - general for SSP	Q_1_3_a
	b) yes - explicitly linked to landscape	Q_1_3_b
	c) no	Q_1_3_c
Participatory monitoring	a) yes - general for SSP	Q_1_4_a
	b) yes - explicitly linked to landscape	Q_1_4_b
	c) no	Q_1_4_c
Strengthening capacity of stakeholder	a) yes - general for SSP	Q_1_5_a
	b) yes - explicitly linked to landscape	Q_1_5_b
	c) no	Q_1_5_c
Adaptive management	a) yes - general for SSP	Q_1_6_a
	b) yes - explicitly linked to landscape	Q_1_6_b
	c) no	Q_1_6_c

2. Plans are based on knowledge on landscape functioning

Multifunctionality	a) In a general way	Q_2_1_a
	b) With specific references regarding problems, goals, tasks	Q_2_1_b
	c) Not addressed at all	Q_2_1_c
Multiple scale	a) In a general way	Q_2_2_a
	b) With specific references regarding problems, goals, tasks	Q_2_2_b
	c) Not addressed at all	Q_2_2_c
System-level resilience	a) In a general way	Q_2_3_a
	b) With specific references regarding problems, goals, tasks	Q_2_3_b
	c) Not addressed at all	Q_2_3_c
Temporal dynamics	a) In a general way	Q_2_4_a
	b) With specific references regarding problems, goals, tasks	Q_2_4_b
	c) Not addressed at all	Q_2_4_c
Landscape connectivity and fragmentation	a) In a general way	Q_2_5_a
	b) With specific references regarding problems, goals, tasks	Q_2_5_b
	c) Not addressed at all	Q_2_5_c
Landscape structure	a) In a general way	Q_2_6_a
	b) With specific references regarding problems, goals, tasks	Q_2_6_b
	c) Not addressed at all	Q_2_6_c

3. Plans show the contribution of landscapes to human well-being

Landscape-based recreation	a) In a general way	Q_3_1_a
	b) With specific references regarding problems, goals, tasks	Q_3_1_b
	c) Not addressed at all	Q_3_1_c
Landscape-related cultural heritage	a) In a general way	Q_3_2_a
	b) With specific references regarding problems, goals, tasks	Q_3_2_b
	c) Not addressed at all	Q_3_2_c
Landscape stewardship	a) Nature conservation (existing, promoted)	Q_3_3_a
	b) Cultural heritage (existing, promoted)	Q_3_3_b
	c) Landscape beauty (existing, promoted)	Q_3_3_c
	d) Sense of place, place identity and personal fulfilment (existing, promoted)	Q_3_3_d
	e) Social well-being (existing, promoted)	Q_3_3_e
	f) Rural livelihood (existing, promoted)	Q_3_3_f
	g) Regulating services (existing, promoted)	Q_3_3_g
	h) Promotion of tourism (existing, promoted)	Q_3_3_h
	i) Localized and organic food production , urban agriculture or community gardens (existing, promoted)	Q_3_3_i
	j) No reference	Q_3_3_j

4. Plans refer to landscape in all main sections

Plan sections referring to landscape	a) Introduction (urban area description)	Q_4_1_a
	b) Visions and goals, key strategic domains	Q_4_2_b
	c) Measures/tasks, policy recommendations	Q_4_3_c
	d) Monitoring / evaluation with indicators	Q_4_4_d
